EXCURSION TO NIAGARA FALLS.—The excursion to be run to Niagara Falls under the auspices of the Pennsylvania Railroad Company on Thursday, August 15, will afford the residents of this section a fine opportunity to visit America's greatest waterfall.

This excursion will be conducted on the same high grade that all the other personally-conducted tours of the company are carried out. It will be run under the direction of the tourist agent, and the party will go by special train of day coaches and Pullman parlor cars through to Niagara.

The date is without doubt well chosen, as the two days contemplated in the limit of tickets will cover a period of the year that people like to indulge in a little rest and recreation. Stop off at Watkins, with an opportunity to visit the famous Glen, will be allowed either going or returning. Excursion tickets good for ten days will be sold from Washington at \$10.00, and from principal stations. Parlor car rate, Washington to Watkins \$1.50; Washington to Niagara \$2.00.

ASSAULTED HIS WIFE.—Harry J. Meyers, a conductor on the Alexandria & Fryingburg Railroad, between Washington and this city, was arrested in Washington yesterday afternoon for assaulting his wife, Meyers, it is said, suspected his wife's fidelity, and yesterday afternoon, during a quarrel brought about by this jealousy, he seized her and, throwing her to the floor, kicked her and beat her until her screams brought assistance.

Mr. Meyers' condition is such that he was refused last night for her husband's release. She is a very handsome woman, a native of Baltimore, where her parents now reside. She and Meyers were married in October last, and since then she says her life has been a hell. An accident that occurred a few days ago prevented Mrs. Meyers from becoming a mother. Two months ago her husband shot at her. He is terribly jealous of her, and claims a party named Edward Brown, now living in Baltimore, to whom his wife was at one time betrothed, has been the cause of all the trouble.

A RIVAL TO THE MISSISSIPPI RIVER.—The recent great flood in the Potomac river forms the subject of considerable study just at present on the part of Prof. McGee of the geological survey, who has recently made some interesting calculations as to the amount of water discharged by that great natural artery. He chose three points of observation, Great Falls, Little Falls, and the Chain bridge, and found that the maximum discharge at the two latter points was 615,672 cubic feet a second. This was at least one and one-third times as great as the discharge of the freshet of 1877. It closely approaches the mean annual discharge of the Mississippi and is more than two-fifths of the discharge of that river during the great flood of 1858.

MORE RAIN.—After three days of fair weather there was another heavy rainfall yesterday evening and last night which continued, at intervals, into today. So heavy was the rain that all the streams in this vicinity were again so much swollen as to make fording dangerous and, in some instances, impossible. Advice received at this office to day state that the rain of yesterday evening was the heaviest of the season.

GONE INTO CAMP.—The cigarmakers of Mr. B. B. Smith's factory left this morning on the steamer Wakefield to go into camp at Colonial Beach for ten days. They are well equipped with two tents and all that is necessary to make camp life happy. Master Eddie Shuman is with the party. The name of the camp will be "Wide Awake."

DEATH OF AN ALEXANDRIAN.—Mrs. Margaret Lindsey, wife of Samuel Lindsey, formerly of this city, and daughter of the late George Webster, died at her residence in Washington, last night. Her remains will be brought here and interred on Monday morning next.

The steamer Virginia, formerly of the Maryland ferry, was offered for sale this morning but withdrawn.

POLICE REPORT.—Last night was cloudy and rainy with two prisoners and one lodger at the station house.

The Mayor this morning disposed of the following cases:

Faulkner Thompson, colored arrested by Officer Bellis, charged with stealing cigars, was held for further examination.

A white man, arrested by Lieut. Smith for being drunk and disorderly, was fined \$2.50.

ONLY A LITTLE WAY OFF.—The confidence in Mr. Prestley Bloxham, of West End, as a weather prophet has become somewhat shaken. On Tuesday he stated that he could assure fair weather till Saturday. There was a heavy rainfall Friday evening, and those who bet on Mr. Bloxham lost. He will be requested by the losers to pay the bets.

The anti-Mahometites of the First ward held a caucus on Thursday night at the corner of Fairfax and Franklin streets and decided how to act at the meetings to be held to elect delegates to the Norfolk republican convention. It is said that Mahomet will not get a delegate from that ward.
